IAA MOBILITY – Micro mobility

Limitation of liability

The VDA and Messe München do not accept any liability for damage to property or personal injury suffered by the exhibitor by the construction of the Micro Mobility Hubs or the Parking Area, from a technical defect in the vehicle and/or from an error by the visitor operating the vehicle during the test drives on and around the Brienner Strasse. VDA and Messe München will only provide the exhibitor with the cubes on Amiraplatz and Königsplatz or a Parking Area near Königsplatz for conducting test drives on its own responsibility. If the participating visitor (third-party) suffers damage resulting from the construction of the Micro Mobility Hubs and/or the Parking Area, from a technical effect in the vehicle and/or from an error by the visitor operation the vehicle during the test drives on and around the Brienner Strasse, the exhibitor undertakes to indemnify the VDA and Messe München against any claims of a legal nature brought by the third party. Furthermore, the VDA and Messe München shall be reimbursed for all legal defense costs incurred in this connection. In all other respects the [Exhibition Conditions](#) shall apply.

We will not set up a central registration point at the Blue Lane Micromobility for interested visitors. You will be responsible for contacting customers and handling (incl. insurance, verification of personal details, fitness to drive, tickets, etc.) will be carried out at your own Cubes and test drives will be carried out under your own responsibility.

The participating visitor must sign a liability waiver indemnifying the exhibitor (which the exhibitor must keep to hand; please send us your form prior to the IAA, and by September 6, 2021, at the latest). The exhibitor is obligated to check whether the person is physically and mentally fit to drive the vehicle him/herself. The vehicles used must have appropriate insurance cover and be registered for road use and that the safety of the exhibits must be guaranteed by the exhibitor.
